HERMES PACIFIC INVESTMENTS PLC

CHAIRMAN'S STATEMENT

I am pleased to report the results of Hermes Pacific Investments Plc (“HPAC” or the “Company”) for the year ended 31 March 2021. During the year, the Company had no revenues as it does not have any operating business and the Company made a loss of £106,000, which is higher than the loss of £94,000 reported for the previous financial year. We continue our focus to minimise our costs whilst we are looking for opportunities to deploy our cash. At the financial year end the Company had net assets of £3,554,000.

Review of the Company's Activities

The Company is an investing company and has previously made some investments in line with its investing policy in companies involved in financial activities within the emerging market sector. These investments have performed in line with our expectations. We are in a good position from a Balance Sheet perspective and our cash balance as at 31 March 2021 stands at £3.395 million. During the year we have continued to evaluate possible suitable opportunities to deploy our cash resources but have not found any deal that met our criteria. Our total comprehensive loss for the year was £55,000 compared to a loss of £133,000 for the previous financial year. The deficit is lower this year compared to last year as there was a gain of £51,000 on investments held by the Company.

Stock markets overall have performed well in the last year driven by rapid successful vaccinations in many countries and recovering economies and this has resulted in some lofty valuations. The stronger than expected recovery in the economy has raised fears of inflation rising. Inflation is certainly a big risk factor threatening a continuation of the rally in equities that we have seen. Recent trading updates from companies have mentioned inflation as a key risk. Some economists argue that the current factors affecting rising inflation are likely to be transitory and that conditions for a longer-term regime shift in inflation aren't in place. Whilst inflation has been low for a while it could quickly turn around. This could then force the hand of central banks use their interest rate levers that would launch major economies on a potentially painful rate hike spiral.

John Berry stepped down from the board on 28 February 2021. On behalf of the board I would like to thank John Berry for 9 years of service to the company and his significant contributions to the company. We would like to wish John Berry well for the future.

The Company continues to seek attractive investment opportunities that will enhance the shareholder value while minimising the downside risks.

Outlook

We have a strong balance sheet and cash resources that place us in a strong position to exploit investment opportunities as they arise.

Haresh Kanabar

Chairman

22 September 2021

HERMES PACIFIC INVESTMENTS PLC

STRATEGIC REPORT

Key performance indicators

The directors consider that the key financial performance indicators are:

	2021	2020
Loss per share from continuing operations	(4.9)p	(4.0)p
Share price at 31 March	100.05p	60.00p
Cash at bank	£3.40m	£3.50m

Non-financial key performance indicators are not considered to be material to managing the financial performance and position of the Group.

Current position and outlook

The Company currently has sufficient cash resources. The Company will continue to review its operating costs and will seek to make additional investments in line with its investing policy.

Principal risks and uncertainties

There are a number of risks and uncertainties which could have an impact on the Company's long-term performance and cause actual results to differ materially from expected and historical results. The outbreak of Covid-19 which has spread globally is an additional factor in the mix as the evolution of the disease and its impact is uncertain. As the bulk of our assets are held in form of cash, there has been no significant impact on our business.

The directors seek to identify material risks and put in place policies and procedures to mitigate any exposure.

Reliance on management

Under the revised strategy and in common with many smaller companies, the development and success of the Company depends on its current and future senior management team and the ability to recruit and retain high quality and experienced staff. The loss of key personnel and the inability to attract additional qualified personnel as the Company grows could have an adverse effect on the Company's business, financial condition and trading results. The Company does not have "Key Man" life insurance policies covering any of its directors, managers and employees.

Additional capital and dilution

The Company may require additional capital for its future expansion and/or business development which means that the Company may need to raise additional capital from equity or debt sources to fund such expansion or development. If the Company is unable to obtain financing on terms acceptable to it then it may be forced to curtail its activities in terms of planned development.

Section 172(1) statement

The board of directors of the company consider, both individually and together, that they have acted in the way they consider, in good faith, would be most likely to promote the success of the company for the benefit of its members as a whole (having regard to the stakeholders and matters set out in s172(1)(a-f) of the Act.

The directors of the company, as those of all UK companies, must act in accordance with a set of general duties. These duties are detailed in section 172 of the companies Act 2006 which is summarised below:

"A director of a company must act in a way they consider, in good faith, would be most likely to promote the success of the company for the benefit of the shareholders as a whole and in doing so have regard (amongst other matters) to:

HERMES PACIFIC INVESTMENTS PLC

STRATEGIC REPORT

- the likely consequences of any decision in the long term,
- the interests of the company's employees,
- the need to foster the company's business relationships with suppliers, customers, and others,
- the impact of the company's operations on the community and the environment,
- the desirability of the company maintaining a reputation for high standards of business conduct, and
- the need to act fairly as between members of the company."

As part of the induction, directors are briefed on their duties and they can access professional advice on these from an independent adviser. It is important to recognise that in an organisation such as ours, directors fulfil their duties through a governance framework which does not require to delegate day to day decision making to employees of the company.

The following paragraphs summarise how the directors fulfil their duties:

Risk management

We are an investment Company. As we grow, our business and our risk environment will also become more complex. It is therefore vital that we effectively identify, evaluate, manage, and mitigate the risks we face, and we continue to evolve our approach to risk management.

For details of our principal risks and uncertainties, and how we manage our risks environment, please see page 2.

Engaging with our employees

Being a relatively small company of just two Directors, there is a high level of visibility of and direct engagement with the Board. We have a lower turnover of staff and the company provides all the latest available training and support that the staff require to carry out their duties.

Business Relationships

Our strategy prioritises growth through acquisition. We value all our suppliers and, over the years, have built up close and long-lasting relationships with them.

Community and Environment

Due to the nature and size of our business, the company's environmental footprint and its impact on the wellbeing of the wider community is understandably minimal. However, our philosophy is to always remain mindful of these matters and remain at the forefront of all our plans as we grow.

Engaging with Shareholders

We believe that communication with our shareholders is key. As such we employ independent professional registrars to maintain the shareholder relationship.

Signed on behalf of the directors

Haresh Kanabar
Director

Approved by the directors on 22 September 2021

HERMES PACIFIC INVESTMENTS PLC

DIRECTORS' REPORT

The directors present their report and financial statements for the year ended 31 March 2021.

Principal activities and review of the business

The Company is an AIM listed investment vehicle. The review of the business and future developments are disclosed in the Chairman's Statement.

Results and dividends

The results for the period are set out on page 14.

The directors do not recommend the payment of a dividend for the year. No dividends were paid during the year.

Directors

During the year to 31 March 2021 the directors of the Company were as follows:

Haresh Kanabar
John Morton
John Berry Resigned (28 February 2021)

Substantial shareholdings

Interests in the share capital of the Company as at 22 September 2021 were as follows:

	Number of shares	Percentage holding
Limerock Registrars Limited	665,000	28.50
Hermes Group Assets Limited	672,500	28.82
Marglaw Secretarial Services Limited	665,000	28.50
Primrose Energy SA	222,500	9.54

Creditor payment policy

It is the Company's policy that payments to suppliers are made in accordance with those terms and conditions agreed between the Company and its suppliers, providing that all trading terms and conditions have been complied with. The creditor days for the period were 34 (2020: 92).

Financial Instruments

The Company's financial risk management objectives and policies are discussed in note 14 to the financial statements.

Corporate Governance

The Board is accountable to the Company's shareholders for good corporate governance and has adopted procedures it considers appropriate, having regard to the size and best interests of the Company.

The Board currently comprises two non-executive directors. The Company holds regular Board meetings throughout the year. The Board is responsible for formulating, reviewing and approving the Company's strategy, budgets, major items of capital expenditure and senior personnel appointments.

The Directors have adopted a policy for dealings in the Company's securities by directors and applicable employees which conforms to the requirements of the Market Abuse Regulations. The Company is responsible for taking all reasonable steps to ensure compliance by Directors and applicable employees with the policy for dealings and the AIM Rules.

HERMES PACIFIC INVESTMENTS PLC

DIRECTORS' REPORT

QCA Principles of Corporate Governance:

As an AIM listed company, the company is required to adopt a recognised corporate governance code and disclose any deviations from the chosen code. Hermes Pacific Investments has decided to adopt the Quoted Companies Alliance (“QCA”) code. High standards of Corporate Governance are a key priority of the Board and details of how the Company addresses key governance issues are set out below.

Seek to understand and meet shareholder needs and expectations

The Board is very aware of the real need to protect the interests of minority shareholders and balancing these interests with those of the more substantial shareholders. The Board does not consider that the Company currently has a dominant shareholder where special contractual arrangements would be necessary to protect the interests of minority shareholders.

The Board is comprised of a Non-Executive Chairman and a Non-Executive Director. Board meetings are held at least two times a year. The Company has a well-developed policy of appointing Non-Executive Directors who can provide an independent view of the Company’s activities.

In exceptional cases a Non-Executive Director may also be appointed to represent the interests of a major shareholder where the Board is satisfied that he or she has the requisite experience and is fully aware of his or her fiduciary duty to act in the wider interests of shareholders as a whole.

The Group encourages a good dialogue with shareholders and investors. Certainly, the Board attaches great importance to providing shareholders with clear and transparent information on the Group’s activities, strategy and financial position. Details of all shareholder communications are provided on the Group’s website in a timely fashion.

The Company lists contact details on its website and on all announcements released via RNS, should shareholders wish to communicate directly with the Board.

Wider stakeholder and social responsibilities and their implications for long-term success

The Company focused on achieving long term success in a sustainable fashion whilst also recognising the need to meet its responsibilities to stakeholders.

Feedback on issues of sustainability from stakeholders is encouraged and the AGM can provide a useful platform for such engagement.

Embed effective risk management, considering both opportunities and threats, throughout the organisation

The Board has the responsibility for the overall monitoring of the Company’s systems of internal control. This role also encompasses the identification of risks along with taking the necessary action in order to either prevent, mitigate or managing such risks.

Relevant risks are discussed at each Board meeting where the Directors have a chance to provide their input to assess the severity of such risks to the overall performance of the Company. The Board is seeking to grow the business whilst at the same time ensuring that the Company’s activities do not exposure the business to significant levels of risk. The Board meets at least two times a year.

HERMES PACIFIC INVESTMENTS PLC

DIRECTORS' REPORT

In order to effectively manage risk, the Board has established Audit, Remuneration, and Nominations Committees which are outlined below.

Audit Committee – The Audit Committee looks at any matters that concern the financial affairs of the Company as well as the Company's external audit that it believes are necessary. The Committee works to ensure proper monitoring of the adequacy of the Company's internal controls, accounting policies and financial reporting requirements. In addition, the Committee provides a channel by which the Company's external auditors can report to the Non-Executive directors. The current Audit Committee consists of John Morton (Chairman) and Haresh Kanabar.

Remuneration Committee – The Remuneration Committee is tasked with making recommendations to the Board concerning the remuneration of Directors. In making these recommendations, the Committee makes sure to consider a variety of factors including: the current level of remuneration for Directors within the industry as well as the differential that exists between Directors and employee remuneration. The current Remuneration Committee consist of Haresh Kanabar (Chairman) and John Morton.

Nomination Committee – The Nomination Committee has been formed to monitor the process and make recommendations, on all new Board appointments. Certainly, all new Board appointments are based on merit, with all candidates being judged against several objective criteria. This process is undertaken with regard for the benefits that come from gaining diversity on the board. The Committee is also responsible for ensuring the re-election of Directors who are retiring by rotation at the AGM along with succession planning. The current Nomination Committee consists of Haresh Kanabar (Chairman) and John Morton.

Maintain the board as a well-functioning, balanced team led by the chair

The Company is controlled by the Board of Directors. The Board is comprised of a Non-Executive Chairman and a Non-Executive Director. Haresh Kanabar, Non-Executive Chairman, heads up the board and the non-Executive Director is John Morton. The current board is made up of all independent Directors.

Directors must commit the time necessary to fulfil their roles. During the financial year two Board meetings were held with Board attendance as below

Haresh Kanabar	2
John Berry	2
John Morton	2

During the year there were no meetings held by the Audit, Remuneration or the Nomination committees.

Information is provided in a timely fashion concerning the important aspects of the Company's operational and financial performance, which is provided to Directors on a regular basis, not just ahead of meetings. Importantly, all the Directors are encouraged to take independent professional advice to help in properly undertaking their duties, which is fully funded at the Company's expense.

The Company is guided by the provisions of the Combined Code in respect of the independence of Directors. Certainly, this highlights the overall effectiveness and the independence of the contribution made by Directors to the Board in considering their independence.

HERMES PACIFIC INVESTMENTS PLC

DIRECTORS' REPORT

Plus, the Code does not determine the independence of a Directors based purely on the period of service in isolation. The Non-Executive Chairman and Non-Executive Director are seen to provide an independent judgement which does not relate to their varying lengths of service. The balance of skills within Board is illustrated by the biographies of the Directors which is included within the company website.

Ensure that between them the directors have the necessary up-to-date experience, skills and capabilities

At the heart of ensuring that the Directors have the necessary experience and expertise to help the Company achieve its goal of long-term sustainable growth is the Nomination Committee. This committee is charged with overseeing the complete process of appointing Directors and is charged with providing the Board with recommendations on each new appointment.

At the same time, the Nominations Committee is also responsible for ensuring the re-election of Directors who are retiring by rotation at the AGM. In this way the Committee can ensure that Directors which have been put up for re-election continue to have the up-to-date experience which is required. The Committee is also tasked with succession planning.

Directors who have been appointed to the Company have been chosen because of the skills and experience they offer. Full biographical details of all Directors are included on the company website. For good corporate governance, the performance of the Board will be reviewed in due course.

Evaluate board performance based on clear and relevant objectives, seeking continuous improvement

The Company seeks to monitor both personal and corporate performance against pre-agreed key performance indicators (KPIs) and detailed financial reports. The Non-Executive Chairman and the Non-Executive Director are tasked with the responsibility of assessing and monitoring the performance of each other.

The Board considers the need for the periodic refreshing of its membership following the recommendations made by the Nominations Committee. New Directors are appointed when deemed appropriate by the Board. All continuing Directors are required to stand for re-election on a 3-year basis. Succession planning is considered by the Nominations Committee.

Promote a corporate culture that is based on ethical values and behaviours

The Board and management conduct themselves ethically at all times and promote a strong corporate culture within the Company which includes environmental, social and community and relationships. The Board is tasked with making sure that such a culture is present in every aspect of the business, including recruitment, nominations, training, and engagement.

Maintain governance structures and processes that are fit for purpose and support good decision-making by the board

The Board is responsible for the governance of the Company, governance being the systems and procedures by which the Company is directed and controlled. A prescribed set of rules does not itself determine good governance or stewardship of a company and, in fulfilling their responsibilities, the Directors believe that they govern the Company in the best interests of the shareholders, whilst having due regard to the interests of other stakeholders in the Company.

Communicate how the company is governed and is performing by maintaining a dialogue with shareholders and other relevant stakeholders

The Group encourages a good dialogue with shareholders and investors. Certainly, the Board attaches great importance to providing shareholders with clear and transparent information on the Group's activities, strategy and

HERMES PACIFIC INVESTMENTS PLC

DIRECTORS' REPORT

financial position. Details of all shareholder communications are provided on the Group's website in a timely fashion.

The Board recognises that the Annual General Meeting as an important opportunity to communicate directly with shareholders via an open question and answer session.

The Company lists contact details on its website and on all announcements released via RNS, should shareholders wish to communicate with the Board.

Disclosure of Information to the Auditors

In the case of each person who was a director of the company at the date when this report was approved:

- so far as that director was aware there was no relevant available information of which the company's auditors were unaware; and
- that director had taken all steps that the director ought to have taken as a director to make himself aware of any relevant audit information and to establish that the company's auditors were aware of that information.

This information is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

Auditor

The auditors BSG Valentine (UK) LLP have indicated their willingness to continue in office and a resolution that they be reappointed will be proposed at the Annual General Meeting.

On behalf of the board

Haresh Kanabar

Director

22 September 2021

HERMES PACIFIC INVESTMENTS PLC

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the financial statements in accordance with applicable law and regulation.

Company law requires the directors to prepare financial statements for each financial year. Under that law, the Directors have prepared the financial statements in accordance with International Accounting Standards in conformity with the requirements of the Companies Act 2006.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable IFRSs as adopted by the European Union have been followed for the financial statements, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities. The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006.

The directors are responsible for the maintenance and integrity of the corporate and financial information on the company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

HERMES PACIFIC INVESTMENTS PLC

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF HERMES PACIFIC INVESTMENTS PLC

Opinion

We have audited the financial statements of Hermes Pacific Investments plc (the 'company') for the year ended 31 March 2021 which comprise the Statement of Comprehensive Income, the Statement of Financial Position, the Cash Flow Statement, the Statement of Changes in Equity, and notes to the financial statements including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and international accounting standards in conformity with the requirements of the Companies Act 2006.

In our opinion, the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2021 and of its loss for the year then ended;
- have been properly prepared in accordance with international accounting standards in conformity with the requirements of the Companies Act 2006; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard as applied to listed entities and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the director's use of the going concern basis of accounting in the preparation of the financial statements is appropriate. Our evaluation of the director's assessment of the company's ability to continue to adopt the going concern basis of accounting included:

- Reviewing the company's available cash balances
- Consideration of the company's plans, current level of activity and expenditure
- Reviewing the company's post year end cash outgoings and cash position

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Our approach to the audit

In carrying out our audit we obtained an understanding of the company and its environment, determined materiality and assessed the risks of material misstatement in the financial statements. Having determined where

HERMES PACIFIC INVESTMENTS PLC

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF HERMES PACIFIC INVESTMENTS PLC

to focus our audit effort we tested and examined information, using sampling and other techniques, to the extent we considered necessary to provide a reasonable basis for us to draw conclusions. We reviewed the company's internal controls as part of our planning process and obtained our audit evidence through substantive procedures.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) we identified, including those which had the greatest effect on: the overall audit strategy, the allocation of resources in the audit; and directing the efforts of the engagement team. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

- Valuation of investments

The company holds investments in listed entities, which must be included in the statement of financial position at fair value. We addressed this matter by reviewing third party investment reports and verifying stated values by reviewing the year end quoted share price.

- Valuation and existence of cash balances

Cash at bank is the company's largest asset and we therefore identified its correct statement as a key audit matter. The cash at bank was verified by reviewing bank statements, obtaining direct confirmation from the company's bankers and by verifying the credit worthiness of the bankers.

Our application of materiality

We determined materiality for the company to be £70,000, which is approximately 2% of gross assets. Given that the company is an investing entity we determined that gross assets was the appropriate benchmark on which to set materiality.

We calculated performance materiality at a level lower than materiality to reduce the probability that, in aggregate, uncorrected and undetected misstatements exceed the materiality level for the financial statements as a whole. We determined performance materiality to be £50,000, which was set at 71% of overall materiality. Performance materiality was determined based on our risk assessment, which took into account the lack of complexity of the company's activities and the low level of audit adjustments identified in prior years.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work

HERMES PACIFIC INVESTMENTS PLC

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF HERMES PACIFIC INVESTMENTS PLC

we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

HERMES PACIFIC INVESTMENTS PLC

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF HERMES PACIFIC INVESTMENTS PLC

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

We identified and assessed the risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations. We determined compliance with the Companies Act 2006 and with the rules of the London Stock Exchange for companies trading securities on AIM to be the most significant. Our procedures included enquiry of management, obtaining confirmations from external professional advisors and a review of board meeting minutes. We performed analytical review procedures to identify any unusual relationships that may indicate a material misstatement. We also tested the appropriateness of journals to address the risk of fraud through management override of controls. We also performed appropriate testing in respect of the valuation of balance sheet assets as described in key audit matters above. Relevant laws and regulations, together with potential fraud risks, were communicated to the audit engagement team at the planning stage to ensure they remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2021**

1. General information

Hermes Pacific Investments Plc is a company incorporated in the United Kingdom under the Companies Act 2006. The nature of the company's operations and its principal activities are set out in the Directors' Report on page 4.

Statement of compliance

The Group financial statements were prepared in accordance with international accounting standards in conformity with the requirements of the Companies Act 2006.

At the date of approval of these financial statements, various Standards and Interpretations affecting the Company, which have not been applied in these financial statements, were in issue, but not yet effective (and in some cases had not been adopted by the EU). The Directors have considered these new standards and interpretations and do not expect them to have a material impact on the company.

2. Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

Going concern

The financial statements have been prepared on a going concern basis as, after making appropriate enquiries, the Directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future at the time of approving the financial statements. The outbreak of Covid 19 which has spread globally does not have any impact on our going concern status as we have sufficient cash to fund our activities in the foreseeable future.

Critical accounting estimates and judgments

The preparation of financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the application of the company's accounting policies with respect to the carrying amounts of assets and liabilities at the date of the financial statements, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting year. The judgements, estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, including current and expected economic conditions. Although these judgements, estimates and associated assumptions are based on management's best knowledge of current events and circumstances, the actual results may differ. Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the year in which the estimate is revised and in any future years affected.

Management have not made any material estimates or judgements that may result in a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Deferred taxation

Deferred taxation is provided in full using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. Deferred tax is determined using tax rates that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the related deferred tax asset is realised, or the deferred tax liability is settled.

Deferred tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2021**

Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short term highly liquid funds with original maturities of three months or less and bank overdrafts.

Investments

The company carries its investments at fair value. Gains and losses are either recorded in profit or loss or other comprehensive income. For investments in equity instruments that are not held for trading, this will depend on whether the company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

Financial instruments

Financial assets and liabilities are recognised in the balance sheet when the company becomes party to the contractual provisions of the instrument.

Trade and other receivables

Trade receivables are measured at cost less any provision necessary when there is objective evidence that the company will not be able to collect all amounts due.

Trade and other payables

Trade and other payables are not interest bearing and are measured at original invoice amount.

3. Operating loss

13. Share capital

	2021 £'000	2020 £'000
Issued and fully paid		
2,333,295 ordinary shares of 100p each	2,333	2,333
13,079,850 deferred shares of 9.5p each	1,243	1,243
	<u>3,576</u>	<u>3,576</u>
	<u><u>3,576</u></u>	<u><u>3,576</u></u>

All ordinary shares rank equally in respect of shareholders' rights.

The deferred shares have no voting and dividend rights. On winding up of the company, they will be entitled to the nominal value only after all ordinary shareholders receive the nominal value of their shares plus £10m per share.

As at 31 March 2021 and 31 March 2020 the authorised share capital was 3,500,000 ordinary shares of 100p and 200,000,000 deferred shares of 9.5p.

14. Financial Instruments

Financial risk management

The company's activities expose the company to a number of risks including credit risk, interest rate risk and liquidity risk. The Board manages these risks through a risk management programme. The fair value of the company's assets and liabilities at 31 March 2021 are not materially different from their book value.

HERMES PACIFIC INVESTMENTS PLC

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

	2021	2020
	£'000	£'000
Financial assets at fair value through other comprehensive income	173	123
	<u>173</u>	<u>123</u>
	<u><u>173</u></u>	<u><u>123</u></u>

The fair value measured is categorised within level 1 of the fair value hierarchy.

Financial assets at amortised cost	2021	2020
	£'000	£'000
Loan and receivables:		
Trade and other receivables	9	9
Cash and cash equivalents	3,395	3,506
	<u>3,404</u>	<u>3,515</u>
	<u><u>3,404</u></u>	<u><u>3,515</u></u>

Financial liabilities at amortised cost	2021	2020
	£'000	£'000
Trade and other payables	23	29
	<u>23</u>	<u>29</u>
	<u><u>23</u></u>	<u><u>29</u></u>

Credit risk

The company monitors credit risk on an on-going basis and manages risk by concentrating on trading and placing bank deposits with reliable counterparties. The company has no significant concentration of credit risk associated with trading counterparties. Credit risk predominantly arises from cash and cash equivalents.

Interest rate risk

The company has interest bearing assets. Interest bearing assets comprise cash balances which earn interest at a variable rate. The financial liabilities in the current year are all non-interest bearing. The company has not entered into derivatives transactions and has not traded in financial instruments during the period under review. The entire company's debt is non-interest bearing there would be no effect on the company if interest rates changed.

Liquidity risk

The company seeks to manage liquidity risk by ensuring sufficient liquidity is available to meet foreseeable needs and to invest cash assets safely and profitably. All cash and cash equivalents are immediately accessible.

16. Related party transactions

Key Management Personnel and Director Transactions

A number of key management personnel, or their related parties, hold positions in other entities that result in them having control or significant influence over the financial and operating policies of these entities.

A number of these entities transacted with the company during the year. The terms and conditions of these transactions with key management personnel and their related parties were no more favourable than those available, or which might reasonably be expected to be available, on similar transactions to non-key management personnel related entities on an arm's length basis.

The aggregate value of transactions related to key management personnel and entities over which they have control or significant influence was £42,800 (2020: £43,600).

During the year, the company used the services of Poonam & Roshni Limited totalling £21,600 (2020: £21,600). H Kanabar is a director of both companies. No balance was outstanding at the year end (2020: Nil).

During the year the company used the services of John Berry Associates Limited totalling £9,000 (2020: £10,000). J Berry resigned on 28 February 2021 but was a director of both companies. No balance was outstanding at the year end (2020: Nil).

During the year the company used the services of Thirty Acre Stables totalling £12,000 (2020: £12,000). J Morton is the owner of that business. No balance was outstanding at the year end (2020: Nil).

The compensation of key management is as disclosed in the directors' emoluments note.
